Save on O-cards (Cassingle Sleeves) or any size J-cards or U-cards packaged with duplicated cassettes, when you credit National Audio Company as your cassette manufacturer.

### IMPORTANT DESIGN INSTRUCTIONS AND REQUIREMENTS

#### ASK FOR THE NATIONAL AUDIO CREDIT ARTWORK FILE WHEN YOU REQUEST A QUOTE.

Position the National Audio Company credit art file, without alteration, on the flap or spine of your package design as shown above. It must be visible on the exterior of your cassette package. The PNG and JPEG versions are 600 dpi and made to fit exactly when your design is made at that resolution. You may reverse the type and logo as a whole from any dark colored background. Placing the art file on a complex pattern that makes it unreadable does not qualify. National Audio's design department reserves the right to reject the use of the credit art file if these requirements are not followed.

**If you have additional questions or need further assistance just call or email.**

**This offer is not valid on Cassingles Special Offer orders, Norelco box sleeves, blank tapes, specialty inserts, or printing-only orders for cards.**
